EXCELLENT RECIPES, ALWAYS TASTY, READY TO EAT!

Our History

Eurochef Italia was founded in 1998 in Sommacampagna (VR) from *Stefano Stanghellini's* desire to:

"Satisfy the growing need for Quick and Balanced Nutrition through a line of **Fresh & Ready products** inspired by **High-Quality Italian Gastronomy.**"

Eurochef Italia is now recognized by the target market as a Leading company for Expertise, Service, and Quality.

Our Values

« As the primary resource of every activity, our **Staff** will always have an essential role in our future goals.

We chose to teach and follow simple principles: **humility, enthusiasm** and **self-critique**, in order to succeed and grow as a company. It is important to constantly question one's abilities with intelligence.

We believe in **training, practicing** and being **determined** to reach our goals. And to do so, we need to be united as a **team** »

Our Factory

In 2009 we inaugurated a new factory (10.000 m² surface) where we produce both our **Ready Meals** and our **Desserts**, on two separate levels.

With Certifications obtained at the highest level, we ship our products, **fresh and frozen**, worldwide from here with the best logistics partners.

There is also a **Self-Service Restaurant** and a **Company Store** at our plant, both open to the public.
